

DENNIS KUCINICH FOR PRESIDENT 2004

Dear Friends,

Please join us in celebration on October 13, the day when **Dennis J. Kucinich** will formally announce his candidacy for President of the United States of America!

I am sure that many of you, like us, are troubled by the direction our country has taken in the last two years. Dennis Kucinich is the only Democratic candidate who voted against the war resolution in Congress. He forcefully advocates reduced military spending and repeal of the "Patriot Act". He supports a woman's right to choose, affirmative action, equal rights for gays and lesbians, a return to international cooperation, a major national commitment to renewable energy, guaranteed education Pre-K through college, and universal health care with a single payer plan.

Where: 303 Highland Avenue, Buffalo, NY

When: Monday, October 13, 7:30-9:00 pm

What: A PARTY!! With food and beverages. If you do not know much about Dennis, not to worry, we will have a 20-minute video about him available, and much discussion of the issues.

The Kucinich campaign is truly a grassroots campaign — no corporate money, no special interests. For that reason, this will be a fund-raising as well as an educational event. If you're not yet ready to commit funds, please come anyway so that you can learn more about Dennis.
